

# Power conservation - Cost reduction

## High ceiling LED High bay light

- Significantly save power compared to mercury light.

Comparison with the electricity bill at the time of 1,000 hours use

- Design life is 60,000 hours and long life.

- When it is light up, you can easily turn off and reset.

Mercury light could not illuminate immediate when power ON.

You may also turn off the light during your lunch break.
